

SERVICE PROVIDER BULLETIN

To Our Service Providers:

It is appropriate during this holiday season that we at Teledyne Technologies Incorporated recognize our third-party sales and supply channels and other service providers who make it possible for us to manufacture our products and fulfill our customers' requirements. Thank you for your support as we face the continuing challenges of a global pandemic and the excitement over our largest acquisition to date, Teledyne FLIR. We want to extend our warmest wishes for a joyous and healthy holiday season to you, your employees and their families. We are hopeful that the New Year will be a good one.

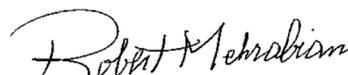

Please remember that Teledyne has a policy that prohibits Teledyne employees and their families from accepting gifts or gratuities from our service providers or providing gifts or gratuities to our customers or other business partners, except in limited circumstances. It is in both our interests to avoid even the appearance of any form of favoritism or conflict of interest. We are certain that you share our desire to act in a manner consistent with the law, our policies and our commitment to ethical business practices.

We would also like to take this opportunity to remind you of our Ethics Code of Conduct for Service Providers, which all Teledyne third party sales and supply channels and other service providers are expected to follow. The Code can be found online at: <https://www.teledyne.com/who-we-are/corporate-governance>. As a reminder, one requirement within the Code is that no Teledyne service provider shall engage in or facilitate forced labor, child labor, slavery or human trafficking. We also expect our service providers to provide a workplace free from harassment and discrimination.

Again, we are thankful for the support from our service providers. We must continue to coordinate our efforts to keep trade open and ensure the integrity of the supply and distribution of Teledyne products, all while maintaining the health and safety of our respective employees. We recognize that in difficult times there can be added pressures and want to emphasize that we must not compromise either the quality of our products or our ethical values. With reported shortages, we must be on alert to assure that counterfeit parts are not introduced into our supply chains. We expect our service providers to continue to manage through this crisis successfully and with integrity. We will continue to engage with our service providers to ensure that we are doing business the right way.

Should you have questions regarding Teledyne's ethical business conduct requirements, you may contact our Senior Vice President, General Counsel, Chief Compliance Officer and Secretary, Melanie S. Cibik, at (805) 373-4605 or melanie.cibik@teledyne.com. We also maintain a Corporate Ethics Helpline, at (877) 666-6968 or www.teledyne.ethicspoint.com.

Best wishes for a happy holiday season and a safe, healthy and prosperous 2022.

Robert Mehrabian
Chairman, President and Chief Executive Officer
